

VACANCY

Production Operative/Assembler

Temp to Perm

We presently have a vacancy for a Production Operative. Initially a temporary role, this may lead to permanent employment for the right candidate. The successful candidate must have experience of working with materials and tooling, and an awareness of good workshop practices and health and safety.

Tasks include:

- Preparation of materials using certain machinery and hand tools
- Drilling and tapping
- Fitting of various fixings
- General moving of materials
- Use of hand tools

Starting date: as soon as possible

Full Job Description available upon request.
