

VACANCY

MIG/TIG Welder Fabricator

We presently have a vacancy for a skilled MIG/TIG Welder Fabricator. With a minimum of 5 years experience, the successful candidate must be accurate and methodical with the ability to work from drawings and meet deadlines. Working as part of a small team, efficiency and a knowledge of quality procedures and health and safety is essential.

The role will involve MIG and TIG welding of mild steel, stainless steel and aluminium in light gauge materials, and sanding and surface finishing to a high standard

Starting date: as soon as possible

Full Job Description available upon request.
